ENGLERTH GARDENS

HARDY PLANTS

GRAND RAPIDS MICHIGAN

LOCATION—We are on the east side of US-131, 6 miles south of the Grand Rapids Federal building, or 3 miles south of the city limits. Visitors are always welcome.

POLICY—We guarantee everything we send out to be true to name, otherwise it will be replaced. The plants we send out are strong, field grown, except in a few cases where it is better to use a pot-grown plant, and should give satisfaction in any garden. However, owing to the many things over which we have no control, such as weather conditions, improper soil, or poor culture, we cannot guarantee more than that the plants will reach you in good condition.

We have used botanical names throughout this list to avoid the confusion that accompanies common plant names.

We appreciate early orders, and will give extra value to those sending orders before April 1.

Your order will not be shipped until proper planting time, or when you designate.

COLLECTION (B)

Twelve plants for the rock garden, all different, all labeled, a good selection, covering a long season of bloom. Contains no sedums.

\$1.00 Postpaid

COLLECTION (C)

Twelve plants, all different and all labeled, for the hardy perennial border. In this collection we give you a collection that would cost almost three times as much if bought separately.

\$1.00 Postpaid

COLLECTION (D)

Eight phlox, all different, all labeled, complete range of colors and blooming season.

\$1.00 Postpaid

COLLECTION (E)

Ten dwarf iris, an exceptional value; a complete range of color, in these beautiful midgets for the rockery.

\$1.00 Postpaid

COLLECTION (F)

Eight beardless iris. This group includes Japanese, Siberian, Orientalis and Louisiana iris.

\$1.00 Postpaid

(Other collections on Page 8)

HARDY BORDER AND ROCK PLANTS

PRICES—All plants in this list 20 cents each, 3 for 50 cents, 12 for \$1.75, unless otherwise quoted. Orders for \$2.00 or over, prepaid. For orders of less than \$2.00 please enclose 25 cents extra for postage and packing.

We have many varieties of plants not listed here. If there is something you are interested in please write us about it.
